SUNNY SMILES FOR STORMY WEATHER: "The Do-Gooders Club" convened on Wednesday at a pre-show reception for "Stormy Weather" at the Prince Music Theater. Gerry Sills of Bala Cynwyd (fourth from left) recently founded the group of philanthropists from Center City and the suburbs to meet monthly for lunch at local stores and galleries. Members brown bag it and donate the \$25 they would have spent on lunch to the Do-Gooders' treasury, as well as developing other fundraising efforts. Once the balance reaches \$10,000, the funds will be donated to a charity or nonprofit. The first recipient of the donations will be the nonprofit NDRI (www.ndriresource.org), the Philadelphia-headquartered national research resource organization that connects donated human tissue with the scientists who need it to develop new therapies and cures for diseases ranging from diabetes, heart disease and cancer to HIV, neurological and rare diseases. Pictured from left to right are: Shirley Stein of Wynnewood; Barbara Brown of Haverford; Mary Ann Oaks of Gladwynne; Mrs. Sills; Event Chair Barbara Tiffany of Point Pleasant and Philadelphia; and Irene Schrank of Philadelphia.
